

## Luminara App – Encryption Compliance Statement

**App Name:** Luminara

**Bundle ID:** com.llps.mentalhealth.llpsMentalApp

**Apple ID:** 6744668126

**Version:** 1.0.0

### **Developer Contact:**

Jerico De Jesus

dejesusjerico@icloud.com

---

## Statement of Encryption Use

This app **does not use non-exempt encryption.**

- The app uses **Apple’s built-in security mechanisms**, including **HTTPS** connections and **Firebase authentication**, to transmit and store data securely.
- The app **does not implement or use** any proprietary or non-standard encryption algorithms.
- The app **does not use** standard encryption algorithms outside of those provided by Apple’s operating system.
- The app does **not include** VPN, end-to-end encrypted messaging, or file encryption features.
- Therefore, this app **qualifies for exemption** from encryption documentation requirements under U.S. Export Administration Regulations (EAR) Section 740.17(b)(2).

---

## Info.plist Configuration

The Info.plist includes:

```
xml
CopyEdit
<key>ITSApplUsesNonExemptEncryption</key>
<false/>
```
